St. Michael's Church of England Primary School

Our school values: **Respect · Kindness · Challenge · Forgiveness · Perseverance**

Vision Statement

With every child at the heart of St. Michael's our vision is that:

We believe that children should learn in an environment rich in opportunities and inspiration where everyone is encouraged to aspire to achieve their potential. A place where learning is viewed by all as a life-long process. Where children feel safe, nurtured and loved. We want every member of our school community to feel listened to, cared for and valued and to know that mental and spiritual wellbeing are as important as academic achievement and progress. In educating the whole child we aim to build foundations so that they can face challenges in our ever changing, diverse society with confidence.

We strive to be a community built on our strong Christian values of **respect, kindness, forgiveness, challenge and perseverance**, where all are given access to know the love of God and awareness of how he would have us live. Where every member of the school community is given the opportunity to truly "let their light shine".
