Year 2 Summer Term Two, Week Seven – Daily Activities

Links to all the work can be found below this overview

ENGLISH	Test yourself to read as many of the words as possible on the Year 2 Spelling PowerPoint – make sure you practise any that you are unsure of. Remember to try to keep a regular reading habit throughout the summer holidays. The more you read, the better you'll get. The better you get, the more books you will be able to choose from and the more you will be able to enjoy and learn. Test yourself on the Year 2 spelling words – Have you improved since the beginning of lockdown? As this is the last week before the summer holidays, can you spend this week writing a story of your choice? You can choose anything at all to write about – think about the type of stories you enjoy reading – you may want to use a similar format or you may want to write straight from your imagination. **Monday** Plan your story. Decide who will be in your story? Where will you go? What will the problem in your story be? How will it end? Use the checklist to see what a good story needs to have. **Tuesday** Plan your story. Try to talk about your ideas with a family member and make sure they are sequenced before you write them down. Think carefully about your sentence openers. **Wednesday** Write the first draft of your story. Be careful with your spellings – make sure you spell the words from the Y2 list correctly and use your phonics knowledge and spelling rules to help you with trickier words. Also check that your writing makes sense and that you have used capital letters, full stops, question marks and exclamation marks correctly. **Thursday** Can you add any other information for your reader? Do your sentences make sense? Edit your first edition of the story using a different coloured pen. **Friday** Make a small story book using the link below. Add your own illustrations. Can you think of your own blurb? At the end of the week, can you read your story to someone in your family – perhaps someone that you haven't seen for a while? You might like to record it and post it on Seesaw. If you are happy, a copy could be forwarded to Miss Armstrong so she too can see what you have written. Remember, if you are recording it, it would be nice for the people watching to be able to see your illustrations as well.
MATHS	White Rose Maths: Monday – Telling time to 5 minutes Tuesday - Hours and days Wednesday - Find durations of time Thursday – Compare durations of time

Year 2 Summer Term Two, Week Seven – Daily Activities

Links to all the work can be found below this overview

	Friday - Aim to get 1000 points on Mathletics – if you have already completed all your gold bars, go on the live games and play against each other. I would suggest you go on level 2 as I am sure you will be too good for level 1 now! TT Rockstars – I have been keeping track of who has been working hard on their times tables. The best way to speed up is to do the gig then practise in the garage as this will help you practise and it will move you up to the next level when you are ready.
OPTIONAL TASKS	Make your bed. Set the table. Help prepare a meal. Tidy your room. Offer to do something to help someone in your family. Be kind to everyone you meet. Wash the car Practise your laces and your tie to make sure you can still do them!
I hope you all have a lovely summer and appreciate the time that you spend with your families. I shall look forward to seeing you all next year in the juniors so don't forget to come and say hello. I'll be in the room right next to yours so I will be keeping a close eye on you! Stay safe Lots of love, Miss Atkinson
