## MATHS

### Time

Can you tell the time on your clock at home?

What time is teatime? What time is breakfast time?

### Fractions

If you are having a pizza or cake...  
Can you make a half? Can you make a quarter?

## DEAR PARENT

To help our pupils learn more and remember more, we are including a 'Quiz Me Question' grid to help you ask your child about what they are and have been learning at school.

We are including different types of questions and limiting it two or three for each curriculum area.

We hope the questions will help you engage in meaningful chat with your child(ren) about their learning at school and encourage them to do a variety of things including:

- Describe key aspects of what they have been learning.
- Recall key facts and knowledge.
- Explain how something works and if appropriate demonstrate their skill in this area.
- Analyse their thoughts and responses with you in greater detail and begin to ask further questions to further develop their understanding.
- Make links with what they already know, have experienced and are able to do.

We hope you enjoy talking with your child about their learning in school!

## COMPUTING

### Creating Media – Digital photography

Which devices can take photographs?

When would you use portrait and when would you use landscape?

## DT

### Perfect Pizzas

Can you name the 5 different food groups that are included in a balanced diet?
