		7
		4
		7

### Statistics

Can you look for different mini-beasts in your garden and collect the information on a tally chart?

### Position & Direction

Can you create a treasure map and describe how you can reach the treasure?

## DEAR PARENT

To help our pupils learn more and remember more, we are including a 'Quiz Me Question' grid to help you ask your child about what they are and have been learning at school.

We are including different types of questions and limiting it two or three for each curriculum area.

We hope the questions will help you engage in meaningful chat with your child(ren) about their learning at school and encourage them to do a variety of things including:

- Describe key aspects of what they have been learning.
- Recall key facts and knowledge.
- Explain how something works and if appropriate demonstrate their skill in this area.
- Analyse their thoughts and responses with you in greater detail and begin to ask further questions to further develop their understanding.
- Make links with what they already know, have experienced and are able to do.

We hope you enjoy talking with your child about their learning in school!

## COMPUTING

### Robot Algorithms

What is an algorithm?

Can you give me a set of instructions for a simple task? e.g. brushing teeth.

What does debug mean?

## RELIGION AND WORLDVIEWS
